SUMMARY OF EXAMINER INTERVIEW

Responsive to the Final Office Action dated April 21, 2006, Applicant requests a stay of the time to respond pending an Examiner's Supplemental Office Action. The basis for this request is the non examination of claims 21-29 that were presented in Applicant's January 25, 2006 amendment. During a telephone call on or about May 24, 2006, the Examiner agreed to issue a Supplemental Office Action for the present case. Applicant was therein advised that a response would not be required until after the Supplemental Office Action had been received. The Supplemental Office Action has not yet been received by Applicant.

This letter is to confirm that a Supplemental Office Action is pending, and to reassert Applicant's intention to continue prosecution of the present application, notwithstanding any due date to respond to the April 21, 2006 Final Office Action.

I hereby certify that this correspondence
is being transmitted to the U.S. Patent and
Trademark Office via facsimile number
